				xtra: shorts		Optional: Foam Pad		Optional: Duffel Bag	
				xtra: socks				Optional: Notebook & Pencil	
				xtra: underwear				Optional: Unbreakable mirror	
				Optional: Swimsuit					

FOR COLD WEATHER	
	Flannel Pajamas or thermal underwear - BE SURE to change to dry nightclothes
	Plastic bag for wet clothes
	Rope and clothes pins for drying clothes inside
	Sweatshirt with hood (or scarf or cap), if sleeping on cold floor of cabin
	Warm cap or hat
	Warm Mittens inside, water-repellent mittens outside
	Warm, but not heavy clothing (layers) *
	Waterproofed boots with two pairs of socks
	Water-repellent outer garments, if possible

\* Several layers of lightweight clothes are also suggested:  
for example: a shirt, sweatshirt, sweater and then a windbreaker  
This enables you to remove the outer wear as you get warmer during the day  
and then to put them back on when it begins to get cooler.
